CREDIT REPORTING: Credit will be reported on behalf of all attendees to CPE Monitor using the NABP ePID and date of birth (MMDD) stored in their online profiles at www.stlcop.edu/ce. To receive credit, participants must log on to the website and complete an online evaluation no later than two weeks (14 days) following the presentation. A report will be automatically submitted to CPE monitor upon submission of the evaluation. Please allow approximately 48 hours following submission for credit to appear in the NABP e-Profile. **Only ONE session per 45-minute time block may be claimed for a maximum possible 2.25 credit hours.**

To ensure accuracy of reporting, all participants should check that their NABP ePID and DOB are correct in their online profiles prior to completion of an evaluation. Participants are responsible for tracking receipt of all CE credit. Any inaccuracies in credit reporting, including missing CE credit, should be reported to our office as soon as possible. **Per ACPE policy, no credit can be awarded, for any reason, if more than 60 days have passed from the date of the CE activity.**

Resident Seminar Evaluation 2018

INSTRUCTIONS:

Before completing this evaluation, please ensure your NABP ePID and date of birth (MMDD) are accurate in your online profile. Completion of an evaluation is required to receive CPE credit. Immediately upon submission of this evaluation, a report will be automatically generated and sent to CPE Monitor. Please allow up to 48 hours for credit to appear online at NABP. Participants have a maximum of 14 days to claim CPE credit for this event, after which time evaluations will close. **This evaluation MUST be entered online for each registered session on our website at www.stlcp.edu/ce in order to receive CPE credit.**

When using the rating scale, keep in mind that most residents generally perform in the “acceptable” to “superior” range. “Exceptional” should be reserved for only those instances where residents greatly exceeded the expected level.
